## Career Objective

To contribute my skills as a web developer in a dynamic organization, while continuously learning and building modern, user-focused applications.

## Academic Qualification

- Intermediate - Vital College - 2025 - 75%
- Matric - Muslim High School - 2023 - 87%

## Technical Skills

HTML, CSS, JavaScript, React.js, Next.js, Tailwind CSS, MongoDB, Node.js, Express.js

Adobe Photoshop, Adobe Illustrator

## Work Experience

Full Stack Web Developer - Jan 2023 to Present

- Built 5+ full-stack web applications using modern technologies like React.js, Next.js, Node.js, Express.js, MongoDB, and Tailwind CSS.
- Comfortable working independently on end-to-end projects.

## Key Projects

- Blog Application - Custom authentication system (no third-party providers), full CRUD operations (Add, Edit, Delete, Filter), and a responsive UI using Next.js, MongoDB, Tailwind CSS.
- HFeedLink - A feedback collection platform that generates a unique link for feedback submission and stores responses in one place with a user-friendly interface.
- E-commerce Store - Developed a complete MERN stack e-commerce platform with custom authentication, beautiful and responsive UI, add-to-cart and checkout functionality, and a robust admin panel for managing products and orders.

## Personal Information

- Father's Name: Nasir Ameen
- Date of Birth: 06-Jan-2008
- Languages Known: Urdu & English
- Gender: Male
- Nationality: Pakistani
- Marital Status: Unmarried

## **Declaration**
